Collections deployment projects

- Store sci/eng books/series for which we have an electronic copy
- Store sci/eng books with no or very low recent use
- Store bound journals, proceedings, and series for which we have an electronic copy
- Store Humanities books in Hayden with no or very low recent use (different time and usage criteria than sci/eng)
- Store Dewey books with no recent use (enough to make room for the following:)
- Move books/series with JKL call numbers from Hayden to Dewey
Collection deployment projects

• Objective:
  – manage upcoming collections storage and shifts efficiently and effectively, with as much transparency, trust and joy in the process as possible

• Goal:
  – Meet Hayden/Barker targets for collections sizing through a combination of storage and shifts (100,000-120,000 items), including storage of 125,000 items at HD by September of 2016.
Collections Deployment 2015/2016

Oversight by:
Tracy Gabridge and Steve Gass
(ADs for RIS and Collections)

Project Leadership and Communications Group:
Members: Lenares, Peterson*, Silvia, Turner
Consult with: All subgroups, SPG, Phase 2 Project Team
Administrative Support: Lanigan

Storage Subgroup
